

## COUNTRY CLUB GOLFERS MEET

Stag Given at Chain-o'-Lakes  
for 75 Medal Winners  
and "Field" of 11.

By William K. Grimm.  
Fobs, bearing the different classifications of the Country club tournament which has been inaugurated, were awarded at a stag dinner given at the Chain-o'-Lakes club house last night. Seventy-five medal winners and "Field" which at present numbers 11, make up those in the play.

A bond issue of \$16,000, covered by a mortgage on 25 acres of property upon which the club has an option which will at once be consummated, was floated at the meeting. The money will be used for the purchase of the ground, and the completion of the remaining nine holes of the course, which will give Chain-o'-Lakes one of the best golf courses in the middle west.

A. R. Erskine, president of the club, presided at the meeting. C. N. Fassett spoke on "The Etiquette of Golf," pointing out how observance of the rules would make everyone feel better, and giving examples of the ways in which the various rules worked out.

F. A. Stevenson, head of a committee on new players, told of his work, and asked every golf player to help him in getting out new material. Archie Adye, the club professional, gave a few tips to beginners in the game, illustrating some of the strokes.

### BEST SCORES, BASIS.

O. S. Barrett, chairman of the handicap committee for this season, described the methods to be used. Each player is to turn in all scores, and the five best scores of the month will be taken as a basis. Sixty per cent of the difference between the average for the five games and par on the course, which is 72 for 18 holes, will be the handicap for the player, but no handicaps will be more than 36.

E. W. Young, who is in charge of local tournaments, outlined the plans of his committee for the coming season. Eight tournaments have been planned, the first to be flag tournament on Memorial day, the formal opening day of the club. Each player will start out with a flag with his name on it, and will be given his handicap, plus par, less one-fourth of the difference between his handicap and par. When he has played his last allotted stroke, he will plant his flag where the ball has stopped, and the one nearest the last hole will be given a cup.

### MORE TOURNAMENTS.

Other tournaments are to be played on June 22-23, July 4-8-14, Aug. 11-18, Sept. 14 and Oct. 5-6.

M. F. Bovard told of the aims of the St. Joseph Valley Golf association, and H. W. Eldredge spoke on "The Future of Golf at Chain-o'-Lakes."

Abe Frank, who is chairman of the house and grounds committee, explained the plans which are to be put into effect by his committee, and told of the work which is being done upon the golf course. In 21 days, he promised, the north nine holes of the course will be completed, and the small track which has been used will be taken out of the way. Work will then start on the south nine holes, which will be done about July 15. Players will not be allowed on the other holes until next season, however, that the grass may get a chance to grow and re-seed before it is used.

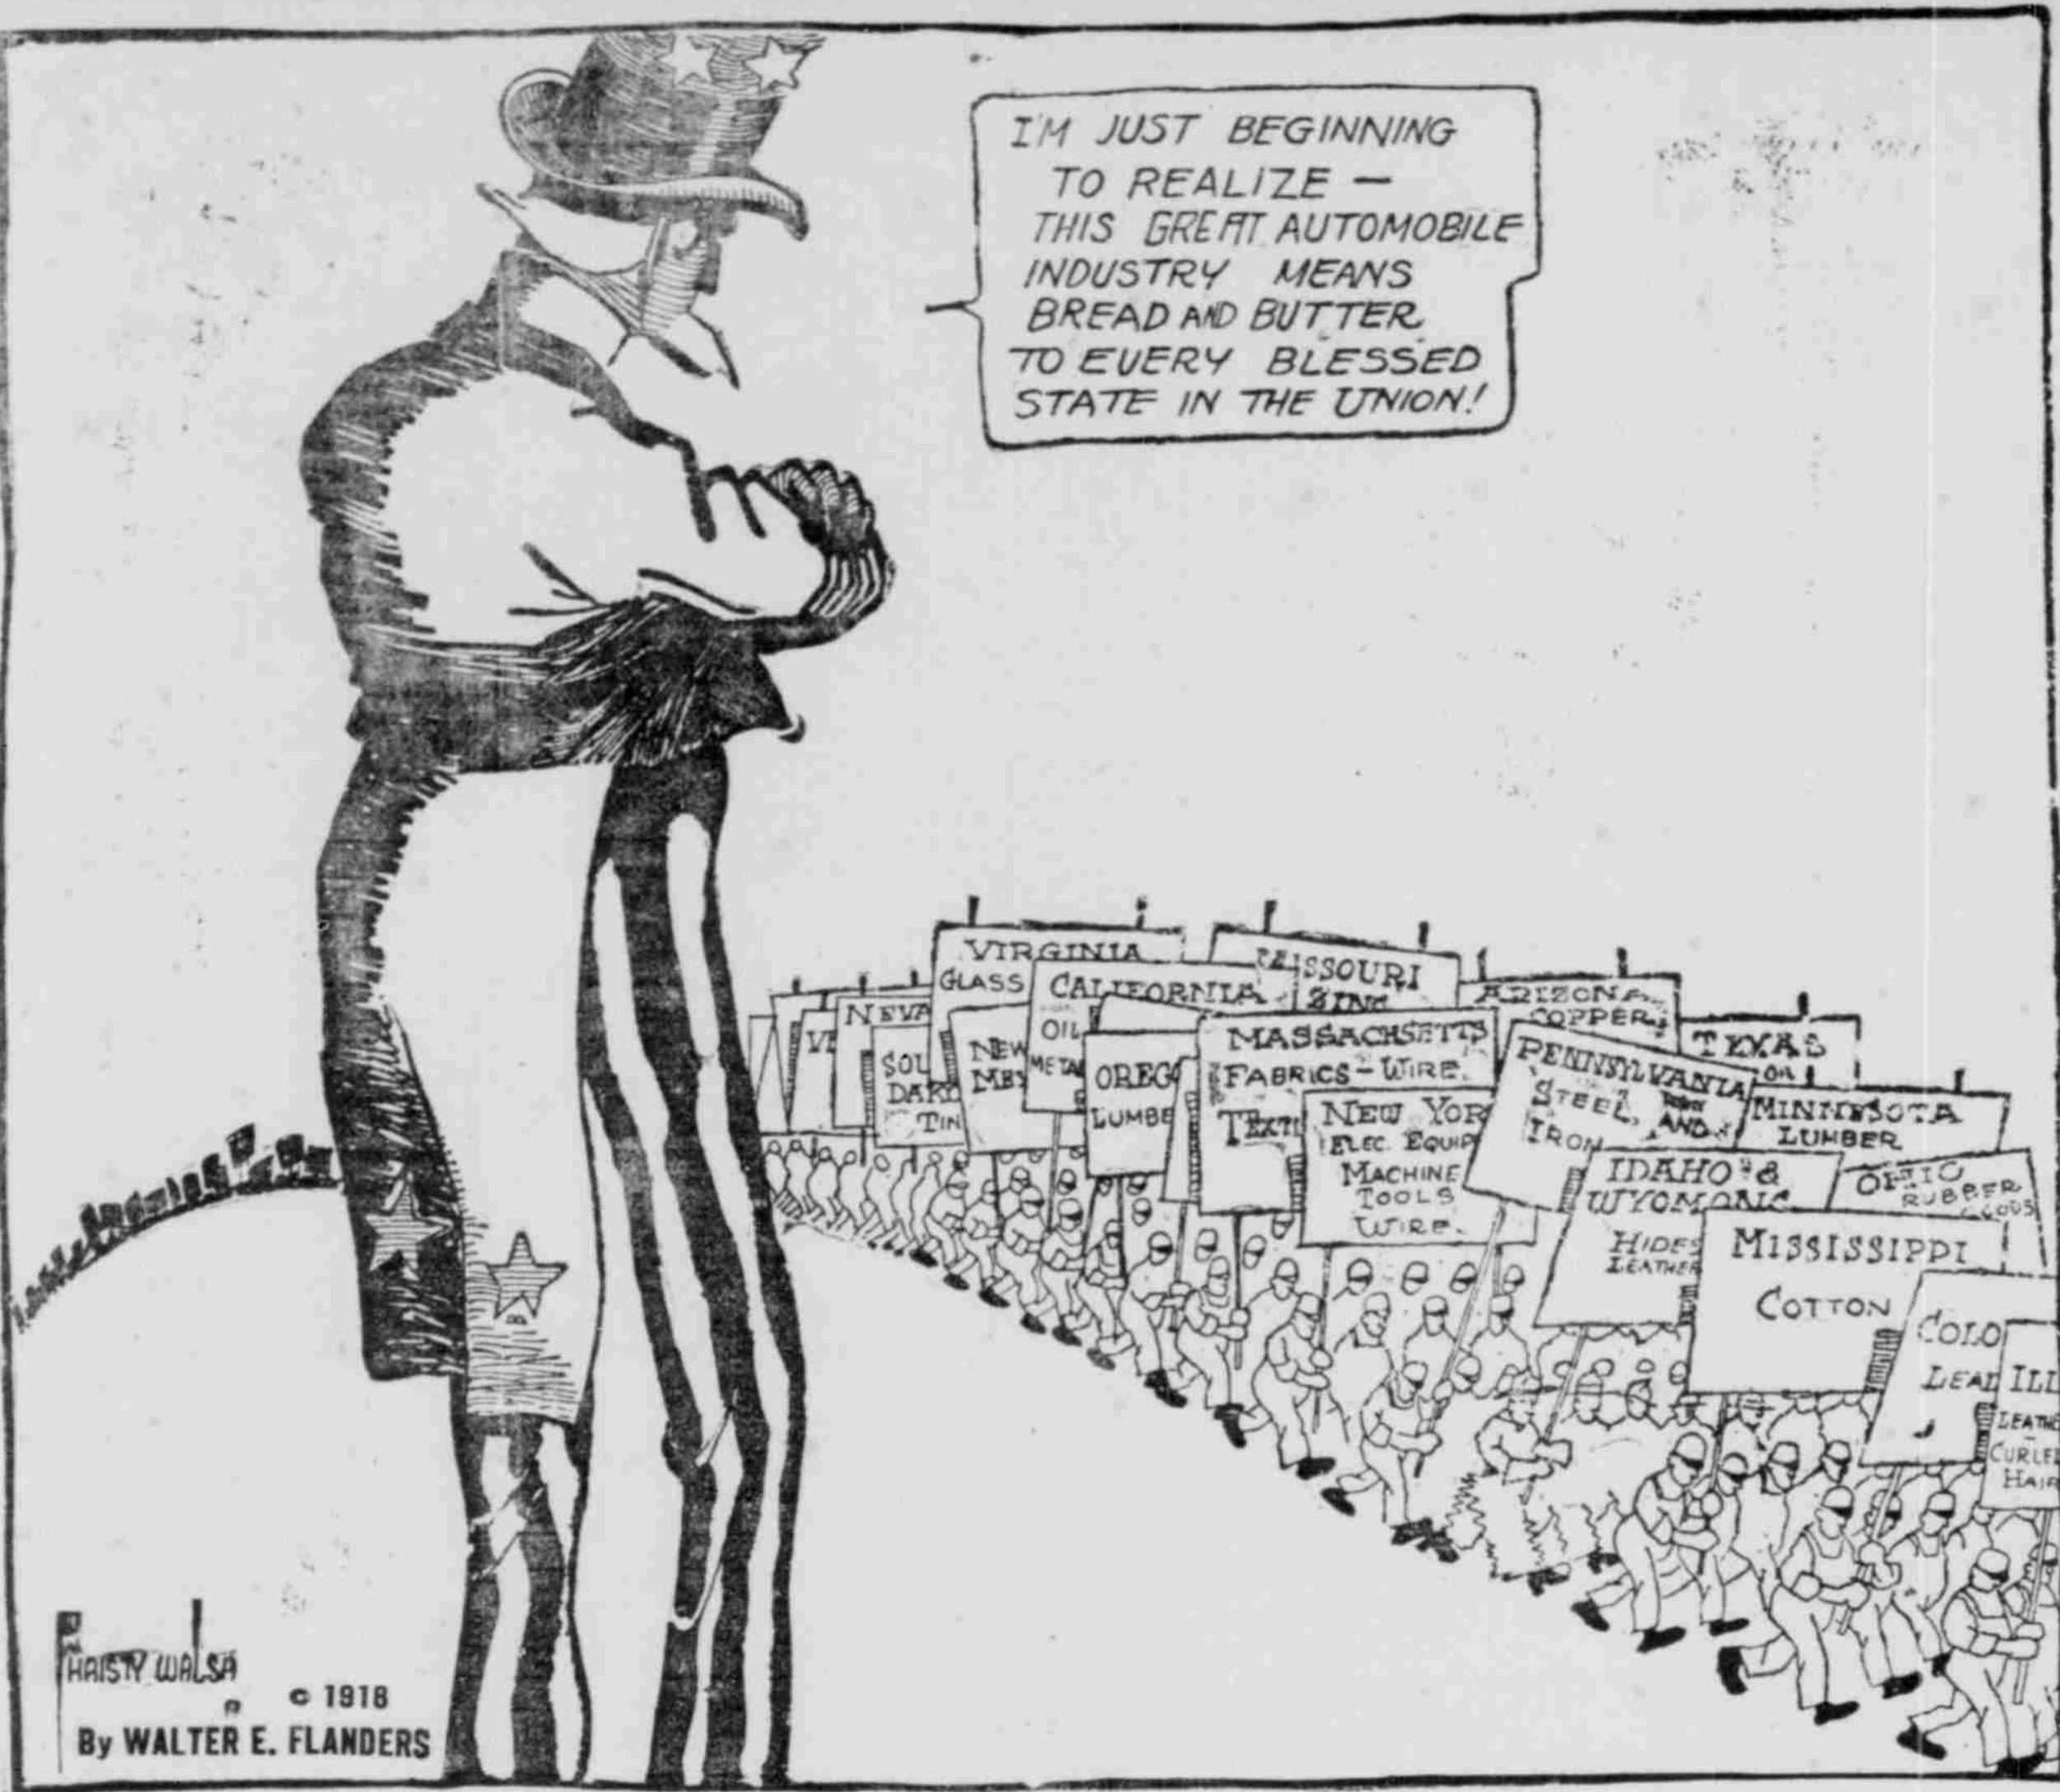

The Polarine quartet, "Duke" Staples and William Cover contributed the musical entertainment at the dinner last night.

### 86 Are Entered.

There were 86 entrants in the fob tournament, 75 of whom were given medals. Since in the qualifying rounds a number of tie scores were made, the tournament committee flipped coins to determine the winners of the various medals, that challenging and play could begin at once. The medals and places were assigned last night, and the following is the official list of places, as it will be posted today. In addition to the places in the list below gives scores made on the qualifying rounds during the past two weeks.

### CLASS A.

1 John J. Wolverton	84
2 John Van Riper	84
3 J. M. Studenaker, Jr.	81
4 Dan Sander	81
5 E. W. Whitehill	82
6 H. W. Eldredge	82
7 W. F. Dinnen	83

### MORE SKILLED DRAFT MEN MAY VOLUNTEER

An urgent call for 500 skilled white men in seven different vocations has been made upon Indiana, the men subject to draft being given an opportunity to volunteer up to and including May 29. A telegram to that effect was received by local draft boards late yesterday afternoon. The number wanted from the state in each branch and the place where they will be originally sent are as follows: Sixty-three brakemen, flagmen and conductors, Fort Benjamin Harrison, Indianapolis; 23 locomotive engineers and firemen, Camp Dix, Wrightstown, N. J.; 36 boilermakers and helpers, Fort Myers, Fla.; the railroad repairmen, Fort Leavenworth, Kas.; 96 gunsmiths, Camp Hancock, Augusta, Ga.; 14 veterinarian, Camp Lee, Petersburg, Va.

Next Sunday being Red Cross Sunday two pictures, furnished by the American Red Cross will be presented—one on "Life on the Western Front" and the other on "The Ruins of Rheims."

### C. OF C. PLANS TO BOOST ORGANIZATION

A membership meeting of the Chamber of Commerce will be held Monday noon, May 13, for the purpose of formulating plans for the building up of the organization. There are several important phases of the matter to be discussed and every member is urged to be present on this occasion. Those members having lists of names to see regarding membership in the chamber are expected to see every person listed and to report the results at the meeting. The question of holding further weekly luncheons during the summer months will also be discussed at this time.

### BOARD OF SAFETY TO MEET FRIDAY NIGHTS

Sunday afternoon the candidates will be given the second and third degrees in this city. Representatives of councils from Indiana and Michigan will attend the ceremonial. Initiative work will be in charge of teams from Michigan City and Chicago.

### SPECIAL MOTHER'S DAY SERVICES AT FIRST M. E. E.

A special mother's day service will be held at the First M. E. church Sunday. The Sunday school service will begin at 9:30 o'clock, and at 10 o'clock all departments will assemble with the church congregation for a special program. Fred Woodward will deliver the address and Dr. Henry L. Davis the sermon. The service has been arranged by the young people's department of the Sunday school of which Dr. J. H. Natus is superintendent.

### ALL IN ONE

With the Brunswick, you can enjoy the world's best music because The Brunswick is designed to play "better" all records of all makers. The adaptability of The Brunswick to all records is one of its special features. Any needle may be used, including jewel point, sapphire ball, steel, etc. All without extra cost. Demonstrated at Smith & Wherrett's.

### LOOK AT IT.

It is the handsomest motor car in town. The King Eight is the marvel of the year in motor car construction.
